RCMI & RCMII Report This last trip to region included a symposium hosted by the Florida region and assisted by world board and several members. The objective of the symposium was to ask of the fellowship how to clear up some of the misconceptions about the fellowship of narcotics anonymous. Several questions were asked as to what we do in regards to service and how we educate or inform people that are about to follow us up through the ranks of service from the home group to the area level.

I brought some small group discussion questions back from region that if you would like to take one and fill it out and question home group members about this it could be an interesting piece. The questions are

1. What does an atmosphere of recovery and service look like to you?
2. What can you and your service body do to nurture an atmosphere of recovery and service?

3. What specific actions can trusted and a servants take to make service more attractive?

4. Members enjoy what they are good at. How can we inspire all members to serve in ways that best match their skills and talents?

I have also brought some other stuff back from region. Including mental health mental illness IP project visions for in a service ground rules about meetings and things that we pay attention to or don't pay attention to.

There was A presentation about outreach and how best we could reach the medical, professional and legal more effectively.

Ray and I attended all of the events we could get to in A timely manner. I would suggest in 2 years, for those still around and interested, go to the next symposium.

There were workshops from the world service board and there was also some history about the basic text that took place also.

I have a lot of photos that I took of the slides that they provided if you wish to have any of this information you can talk to me at some point in the future and give me your email address. I will send these things to you as they are quite interesting as far as information is concerned. Those of you that wished to know about more narcotics anonymous and what's going on these things will serve you well.

The only other thing that we really did was turn in motions for old business and there was no new business rock to the floor because of a busy and hectic weekend.

Thank you, W and Ray,
